Curriculum :

- Computer Organisation and Architecture
- Software Testing and QA
- Embedded System
- E-Commerce & ERP
- Web Engineering
- Network Security
- Mobile Communication
- Artificial Intelligence
- Advanced Computer Networks
- Advanced Computer Architecture
- Compiler Construction
- Mobile Computing
- VLSI Design
- Digital Image Processing
- Microprocessor Systems
- Digital Signal Processing
- Data Warehousing & Data Mining
- Digital Circuits & Systems
- Java Programming and Website Design
- Computer Architecture
- Linux and X-Windows Programming
- Software Engineering
- Algorithm Analysis & Design
- Object Oriented Programming using C++
- Communication Systems
- Computer Graphics
- Operating Systems
- Analog Electronics
- Circuits and Systems
- And various other subjects.
